

Roy Dekel

Dr. Dekel is a graduate of the Technion's Faculty of Medicine, and specialized in internal medicine and gastroenterology at Ichilov Hospital. Afterward (2002-2003), he trained as a research fellow in the field of gastrointestinal disorders in Tucson Arizona. During subsequent years he underwent further training in functional disorders in some of the leading centers in the United States in Boston, Chapel Hill and Chicago. Since 2006 he has served as a senior physician at the Institute for digestive and liver diseases at the Tel Aviv medical center. He is a member of the Israeli neurogastroenterology and motility section of the Israeli medical association. His main clinical and research activity is focused on functional and motility disorders of the GI tract.
