ICHCA 2021

The 3rd International Congress of Hypertension in Children and Adolescents

Wednesday October 28, 2020 | GMT 16:00

Welcome Note

After the successful webinar we held last month on 29th September, the Scientific Committee cordially invites you to Second Joint Webinar on **Paediatric and Adolescent Hypertension** hosted by the International Congress on **Hypertension in Children and Adolescents (ICHCA)** and the **International Pediatric Hypertension Association (IPHA)**.

In our continuous effort to support you in this new era, ICHCA is organising an innovative program — ICHCA20 Virtual that will take place on **28th October 2020 at 16:00 GMT**.

This webinar deals with assessment and treatment of hypertension mediated organ damage. We have assembled an outstanding international faculty of speakers to deliver state of the art lectures on these important topics. This includes Dr Elaine Urbina, Prof Mietek Litwin, and Prof Elke Wühl. These talks are highly relevant to important issues of understanding and treating children and adolescents with raised blood pressure and hypertension mediated organ damage.

Due to COVID-19, we are now learning new ways to keep up to date and new ways to communicate. Recent innovations in information technology now are available to share knowledge and remain connected.

On behalf of the ICHCA Board of Directors and the Scientific/Organizing Committee of ICHCA20 Virtual, we wish to invite you to join this exciting new venture with attendees from different parts of the world.

This **virtual meeting** should greatly contribute to your knowledge, as well as enable you to stay connected with the **ICHCA community** and your colleagues from all over the world.

This is a great opportunity for your Company to keep your product on mind of your audience and clients especially during this time when COVID 19 affects the market.

ICHCA 2021

The 3rd International Congress of Hypertension in Children and Adolescents

Wednesday October 28, 2020 | GMT 16:00
